West Midlands			3	4↑				3	3↑	↓	↓				
West Yorkshire	↓	↑	3	2				1	1↓						↓
National aspect rating						↓									

GROUP: Areas are grouped by annual caseload volume. Group 4 have the highest annual caseload, Group 1 have the lowest annual caseload.

ASPECTS: Area's are monitored against 15 key performance subjects. Five of these are of particular importance in the delivery of CPS strategic objectives and are shown in bold and underlined above.

COLOUR: The colour rating is the likelihood of an Area achieving their end of year milestones/targets. Targets vary by Area.

- Green: :- Given current trajectory, end of year milestone/target is likely to be met
- Amber/Green: :- Given current trajectory, there is a small risk that end of year milestone/target will not quite be met
- Amber/Red: :- Given current trajectory, there is a significant risk that end of year milestone/target will not be met
- Red: :- Given current trajectory, there is a very significant risk that end of year milestone/target will not be met

QUARTILE: Area performances are compared nationally 1: first quartile (ten best performing Areas in quarter irrespective of EOY targets / baselines). 2: second quartile. 3: third quartile. 4: fourth quartile. N.B. not all performance aspects are suitable for nationally ranking.

TREND: ↑ Performance improving since last quarter. ↓ Performance deteriorating since last quarter. Assessment relative to colour rating only.
