National aspect rating		*				↓	†	*						†	†	†					†

COLOUR: The colour rating is the likelihood of an Area achieving their end of year milestones/targets. Targets vary by Area.  
 Green: -> Given current trajectory, end of year milestone/target is likely to be met  
 Amber/Green: -> Given current trajectory, there is a small risk that end of year milestone/target will not quite be met  
 Amber/Red: -> Given current trajectory, there is a significant risk that end of year milestone/target will not be met  
 Red: -> Given current trajectory, there is a very significant risk that end of year milestone/target will not be met

QUARTILE: Area performances are compared nationally 1: first quartile (ten best performing Areas in quarter irrespective of EOY targets / baselines). 2: second quartile. 3: third quartile. 4: fourth quartile.
