COLOUR: The colour rating is the likelihood of an Area achieving their end of year milestones/targets. Targets vary by Area.
 Green: :- Given current trajectory, end of year milestone/target is likely to be met
 Amber/Green: :- Given current trajectory, there is a small risk that end of year milestone/target will not quite be met
 Amber/Red: :- Given current trajectory, there is a significant risk that end of year milestone/target will not be met
 Red: :- Given current trajectory, there is a very significant risk that end of year milestone/target will not be met

QUARTILE: Area performances are compared nationally 1: first quartile (ten best performing Areas in quarter irrespective of EOY targets / baselines). 2: second quartile. 3: third quartile. 4: fourth quartile.
 N.B. not all performance aspects are suitable for nationally ranking.

TREND: † Performance improving since last quarter. ‡ Performance deteriorating since last quarter. Assessment relative to colour rating only.
