Facilities management services, including CCTV maintenance and support, in 36 buildings (18 in the north of the country and 18 in the south) managed by the CPS are outsourced under facilities management contracts let by the Ministry of Justice. The facilities management model comprises:

- The provision of Hard FM Services split into two regions, North and South;
- The provision of Soft FM Services split into two regions, North and South;
- The provision of an independent FM Helpdesk and Assurance Integrator service to act as the central performance and information hub for the FM model.

CCTV maintenance and support services form part of the Hard Services Contracts.
